## **7. ASSAYING**

7.1 The Tur Dal (Indigenous/Imported Variety) stock offered for supply will have to undergo quality inspection at the unloading point in accordance with quality parameters as specified in **Clause 6** above, from the third party assaying agency. The cost of assaying at unloading point has to be borne by the supplier. The stocks which qualify the parameters as per **Clause-6** above shall only be supplied and accepted at the warehouse. Each and every consignment shall have such Assaying Certificate issued by third party assaying agency.

7.2 The inspection and certification will be carried out while unloading the consignment at the Govt warehouse as per the standard procedure of assaying and certification. Assaying of samples has to

be carried out in the presence of Depot/Warehouse Manager or any Government representative, representative of the supplier, if present and any official as may be notified by the Food, Civil Supplies & Consumer Protection Department from time to time. The rejected stock lying at the depot will not be at the responsibility of the Food, Civil Supplies & Consumer Protection Department. The assaying report given by appointed assaying agency will be regarded as final and no complaints from suppliers on assaying matter will be heard. The sample of approximate 200Gms will be kept by the assaying agency as test sample after completion of the assaying process of each lot.

7.3 The Food, Civil Supplies & Consumer Protection Department may randomly collect the samples at the depots and get the samples tested in any of the Government Lab or NABL accredited laboratories independently within 15 working days from the day of delivery by the supplier. The quality of Tur Dal will be evaluated based on specified quality parameters as detailed in section-6. The results of such testing will be final and binding on the suppliers. If the result of stocks inspection shows more than 10% variation in any parameter then such stock has to be replaced by the Supplier at his own cost within one week (07 continuous days) from the date of intimation by the respective District Manager of the Food, Civil Supplies & Consumer Protection Department. In such cases payment will be made for such stocks which are in accordance with quality parameters as certified by the Government Lab or NABL accredited Assaying agency. Suppliers may note that the cost of assaying will be borne by them in case the sample fails the quality parameters put in place by the department and such cost will be deducted while making payment of delivered stock to the supplier.

7.4 The supplier shall arrange to record tare weight and gross weight on electronic weighbridge before unloading and after unloading of the consignment. The copies of weigh bridge receipt along with copy of invoice / delivery challan and assaying report shall be handed over to Depot Manager of the Food, Civil Supplies & Consumer Protection Department at the time of giving delivery. Deliveries without valid documents will be rejected and will not be inwarded by the concerned Depot Manager.

7.5 Consignment will be unloaded at the designated warehouse during working hours only i.e. between 10 AM and 5 PM. On arrival of the consignment the Depot Manager of The Food, Civil

Supplies & Consumer Protection Department will verify the documents. On confirming the authenticity of the consignment and after being satisfied with the quality of Tur Dal based on the assaying report given by assaying agency at the point of unloading, the stock will be allowed for unloading.

7.6 After unloading, the tare weight of the truck is recorded on the same electronic weighbridge. The copies of the Weigh Bridge receipts at the unloading point along with other documents i.e. invoice / delivery challan, assaying report and weighbridge receipts at the loading point shall be handed over to the Depot Manager of The Food, Civil Supplies & Consumer Protection Department

7.7 In case of non-availability of electronic weighbridge facility in the vicinity of the delivery location, then the Depot Manager shall record the gross weight of the bags on a random basis. Based on the recorded weights he shall arrive at net weight of the consignment duly deducting weight of the bags.
